Sir

Sub: Estt – APCPDCL – VJA– Single application for Issue of Power Feasibility Certificate – Sanction of Power Supply and Release of Power Connection

Ref: DO.Lr.No.26/Peshi/ l&C and FP/Secy-2024-6 dated 28.08.2024 from Secretary, Industries 7 Commerce,GoAP

****

Vide reference cited above, the recommendation pertaining to this Department under the Business Reform Action Plan (BRAP) 2024 were communicated for implementation and necessary action. The reform recommends developing an online system for application submission, payment and tracking of status without the need for physical touch point for document submission for:

a. Obtaining Electricity Connection
b. Obtaining Power Feasibility Certificate or Sanction of Power Supply.

In this regard, it is to inform that, Central Power Distribution Corporation of Andhra Pradesh Limited (APCPDCL) has re-engineered the process for obtaining Electricity Connection and Power Feasibility Certificate / Sanction of Power Supply up to 33 KV for ease of investors to avail the above-mentioned services. An applicant needs to apply online for obtaining electricity connection through the Andhra Pradesh Single Desk Portal (AP SDP) and pays the estimated Electricity Demand generated online based on the inputs. The completed application along with payment details is forwarded to the concerned Circle Office of the DISCOM where the application is verified, and the premise is inspected by the concerned officer. Basis the inspection report, the Sanctioning Authority issues the following 3 letters to applicant:

a. Revised Estimate for obtaining Electricity Connection
b. Feasibility Certificate or Sanction of Power Supply
c. Work Order to release the electricity connection.

In case the Revised Estimate is higher than the Demand Estimate generated earlier; the applicant pays the additional amount online while in case of lower Demand Estimate the excess amount is refunded/adjusted in future cc bills to the applicant and the electricity connection is released to the applicant.

In the above context, it is informed that, the application for "Obtaining Electricity Connection" and "Feasibility Certificate/Sanction of Power Supply" is issued jointly through one single application and no separate application is required to be submitted by an applicant for obtaining the above-mentioned services.

Yours faithfully,

Digitally Signed by M Sambasiva Rao
